

MNEMONIC DEVICE- SOUTHWEST ASIA MAP

Mnemonic devices are techniques a person can use to help them improve their ability to remember something. In other words, it's a memory technique to help your brain better encode and recall important information. It's a simple shortcut that helps us associate the information we want to remember with an image, a sentence, or a word

(Start with Afghanistan and follow the path)

I left Afghanistan

"IRAN" to Iraq,

to get to Saudi Arabia

Where I had to "Kuwait" on the Persian Gulf

Sailed through the Strait of Hormuz,

Around the Arabian Sea,

to the Red Sea,

through the Suez Canal

Where I went to Israel

and ate Turkey
